PAN STONE EUROPE

COMING SOON!

We are excited to announce that the Pan Stone Europe showroom is about to get even better! As you know, we have been dedicated to providing the highest quality injection machines and compression machines to our customers. Now, we are thrilled to let you know that we are expecting a new mill from HYMC to join our collection.

This mill will be a fantastic addition to our showroom, allowing us to offer even more top-of-the-range equipment for all of your rubber processing needs. We are looking forward to showcasing this new mill, and we invite you to come and see it for yourself.

At Pan Stone Europe, we are committed to providing the best possible service to our customers. We believe that our new mill will help us to continue to meet and exceed your expectations. We are excited to see the many ways that this new addition will benefit our customers, and we can't wait to share it with you.

Thank you for your continued support of Pan Stone Europe. We look forward to seeing you soon!
